Fabricating Future

ABOUT US

Prakash Metallic Private Limited, founded in 2004 in Chhattisgarh, has built a strong reputation in the iron, steel, and minerals trade through two decades of consistent quality, reliability, and market insight. With deep-rooted supply chain relationships and a focus on value-driven solutions, we cater to the dynamic needs of the infrastructureand industrial sectors. In 2023, we took a strategic leap forward by diversifying into Pre Engineered Buildings (PEB). Equipped with modern infrastructure and advanced manufacturing capabilities, our PEB division reflects our commitment to innovation and positions us at the forefront of next generation construction solutions.

Key Offering

- Heavy & Light Steel Fabrication
- Pre-Engineered Building (PEB) Systems
- Railway Fabrication Components
- Custom Sheet Metal Work

We are committed to **continuous innovation** and **engineering excellence**, with a vision to contribute meaningfully to India's evolving infrastructure landscape.
At Prakash Metallic, we don't just build structures — we shape the **future of industrial growth.**
